

UCSF Library
October 25, 2004

This list contains the Library's decisions about the journals that were proposed either for cancellation or for a change of format (from print + online to online-only) in 2005. We thank the members of the UCSF community who provided us with feedback on the list that was posted in August. We have made some changes to our proposed list based on this feedback. The Blackwell package of journals has been particularly challenging, but we did our best to keep the titles people wanted while not increasing our cost.

Please contact us at cancellations@library.ucsf.edu with any questions. Additionally, you may contact either of the e-mail addresses below.

Julia Kochi, Director, Digital Library & Collections (kochi@library.ucsf.edu)
